

Egyptian Society of Virology

SIXTH INTERNATIONAL CONFERENCE

VIRAL RISKS AND ENVIRONMENTAL CHANGES The Role of National and International Organizations

November, 29th-December, 2nd, 2016
Desert Rose Resort, Hurghada, Egypt

Conference Chairmen

Prof. Mohamed A. Shalaby
President of the ESV,
Virology Department,
Faculty of Veterinary Medicine,
Cairo University

Conference Co-Chairmen

Prof. Khalid A. El-Dougdoug
Department of Microbiology,
Faculty of Agriculture,
Ain Shams-University
Prof. Ali M. Zaki
Department of Medical Microbiology,
Faculty of Medicine, Ain Shams University

General Secretary

Prof. Aboul-Ata E. Aboul-Ata
Plant Pathology Institute, ARC, Giza

Conference Rapporteur General

Prof. Ahmed A El-Sanousi
Virology Department,
Faculty of Veterinary Medicine,
Cairo University

Invitation

The ESV invites colleagues, specialized professionals, and industry members to participate in the Sixth International Conference of Virology.

Conference Objectives

Highlight the impact of global warming on virus spread and viral epidemiology within the "One Health Concept", with special reference to:

- Emerging flavivirus infections.
- Marine virus spread.
- The global situation of food-borne viruses, and the latest in control of these viruses.
- Innovation in vaccines and vaccine application to control viral infections.
- Novel diagnostic tools in emergency preparedness.
- The role of international and regional organizations (FAO, OIE, WHO, IAEA, ACSAD, and AOAD) in setting up strategies for control of viral infections.

Conference Topics

- Food-borne viruses.
- Innovative vaccine design and delivery systems.
- Novel diagnostic tools in emergency preparedness.
- Emerging flavivirus infections.
- Global warming, vector spread dynamics, and viral epidemiology.
- Change in marine virus spread characteristics in relation to oceans temperature.
- The economic impact of viral disease outbreaks
- Antiviral therapy: current concepts and practices

Organizing Committee

- Prof. Dr. Sayed Ahmad Hasan Salem
- Dr. Ahmed Kamal Abdelsamad
- Dr. Ayman Hani El-Deeb
- Dr. Allam Arafat Megahed
- Dr. Basem Mohamad Abdel-Hamid.

Scientific Committee

- Prof. Dr. Mostafa Ahmad El-Kady
- Prof. Dr. Badawy Othman
- Prof. Dr. Ahmed El-Kafrawy
- Prof. Dr. Seham El-Zeedy
- Prof. Dr. Mansour Hashim
- Prof. Dr. Hussein A. Hussein
- Prof. Dr. Ausama Abdelraouf Yousif Attia
- Dr. Ahmad Abdelwahed Abochast

Keynote Lectures

Guest speakers will present keynote lectures. Invited speakers are from Germany, UK, USA, Japan, Egypt, and representatives of several international organizations.

Conference Fees

Fees	Non Egyptians	Egyptian Members	Egyptian Guests
Participation*	500 USD	1400 L.E.	1500 L.E.

*Fees cover conference bag and printed materials (Conference participants only), two-way bus trip to Hurghada from Cairo, and all-inclusive accommodation for one person in double room for three nights in a 5 Star resort.

Payment Options

- Checks:** payable to the Egyptian Society of Virology.
- Cash:** To Dr. Ahmed Kamal; 0100-660-2373 (Conference Treasurer).
- Bank Transfer:**
- National Bank of Egypt- North Cairo Branch- Shoubra El Kheimah.
- Account name: Egyptian Society of Virology
- Account Number: 01040500626
- Swift code: NBEGEGCX110.
- Cash on Desk:**
- It is possible to pay the Conference fee at the Conference desk for **non-Egyptians only**.

Call for Abstracts

Participants are encouraged to submit abstracts of their presentation in one of the conference topics, and a statement of their preferred medium for presentation (Oral or Poster). The scientific committee will make the decision on the presentation medium for each participant. Participants will be notified on November 1st of the decision of the Scientific Committee.

Deadlines

- Fees payment: October 1st, 2016.
- Abstracts: September 1st, 2016.

Correspondence

For veterinary virology articles:
Prof. Dr. Ausama A Yousif,
Department of Virology, Faculty of Veterinary Medicine,
Cairo University.
Email: ausama_yousif@cu.edu.eg
Tel.: +2-01156758835.

For medical virology articles:
Prof. Dr. Ahmed O. Kafrawy,
Department of Microbiology, Faculty of Medicine,
Al-Azhar University (Boys Branch).
Email: a_kafrawy@yahoo.com
Tel.: +2-01003783015

For plant virology articles:
Prof. Dr. Khalid A. El-Dougdoug,
Department of Microbiology, Faculty of Agriculture,
Ain Shams University.
Email: doudougug@yahoo.com
Tel.: +2-01005201395.
