

4th International Conference on Photodynamic Diagnosis and Therapy of Cancer

المؤتمر الدولي الرابع للتشخيص و العلاج الضوئي الديناميكي للسرطان

December 3rd-5th, 2016
at the premises of
The German University in Cairo, Egypt

Topics

The conference highlights the basic principles and fundamentals of photodynamic therapy as well as; methods, instrumentation and applications of clinical diagnosis and treatment of cancer.

- Photodynamic Therapy (PDT): fundamentals and concepts
- Molecular biological mechanisms of PDT
- Implementation of laser technologies in clinical PDT
- PDT for treatment of thoracic malignancy
- PDT for treatment of bladder cancer
- Photodynamic diagnosis and therapy for brain malignancies
- PDT-associated immunostimulation
- PDT in Dermatology
- PDT in Ophthalmology
- PDT in Dentistry

Keynote Speakers (in alphabetical order)

Prof. Abdel-Kader, Mahmoud
German University in Cairo, Egypt.

Prof. Kostron, Herwig
Universität Innsbruck, Austria.

Prof. Rühm, Adrian
Klinikum der Universität München, Germany.

Prof. Berlien, Hans Peter
Evangelische Elisabeth Klinik Lasermedizin, Germany.

Prof. Loschenov, Victor
General Physics Institute, Russia

Prof. Saafan, Ali
NILES, Cairo University, Egypt.

Prof. El-Deeb, Amr
NILES, Cairo University, Egypt.

Prof. Moghissi, Keyvan
The Yorkshire Laser Centre, UK.

Prof. Sayed Seif, Yasser
Beni-Suef University, Egypt.

Prof. El-Noury, Amr
NILES, Cairo University, Egypt.

Prof. Muhammed, Mamoun
Royal Institute of Technology, Sweden.

Prof. Sroka, Ronald
Klinikum der Universität München, Germany.

Prof. Filonenko, Elena
Herzen Cancer Research Institute, Russia

Prof. Phillip, Carsten
Evangelische Elisabeth Klinik Lasermedizin, Germany.

Prof. Steiner, Rudolf
Institute for Laser Technologies in Medicine, Germany.

Prof. Hassan, Moustapha
Karolinska Institutet, Sweden.

Prof. Rück, Angelika
Universität Ulm, Germany.

Prof. Stepp, Herbert
Klinikum der Universität München, Germany.
